TABLE OF CONTENTS
Vol. 33, 2026

TITLES	PAGE
Effect of Polyvinyl Alcohol (PVA) as an Additive on The Durability of Hardened Ordinary Portland Cement Paste Under Sulfate Exposure *Amirul Eirwan Shah Rosman & Fuad Mohamad*	1 - 9
Characterisation of Cement Samples Compositions Using Physical and Chemical Testing for Accurate Customs Tariff Classification *Farzana Hamdani, Faizuan Abdullah, Hasanah Abdul Shukor Lim & Amirah Kamaruddin*	10 - 16
Comparative Study of a Molecularly Imprinted Polymer-based Electrochemical Sensor for Free Fatty Acid Detection *Howard Wong, Faizuan Abdullah & Amirah Kamaruddin*	17 - 24
Molecular Docking, ADMET, Synthesis and Characterisation of Isoxazoline Derivatives as Potential Antibacterial Agents *Lim Guan Qun, Tan Chee Chuan, Helmi Mohammed Al-Maqtari & Joazaizulfazli Jamalis*	25 - 33
Investigation of the Thermal Properties of Kapton-Cobalt Oxide Composite Films Under Varying Immersion Time *Lim Leng Chen & Najaa Mustaffa*	34 - 41
Adsorption of Copper (II) from Wastewater using Polyethersulfone-Pineapple Crown Leaf Composite Membrane *Muhammad Daniel Afiq Hamisan, Mohd Akmali Mokhter & Mohd Amirul Mukminin Latirin*	42 - 49
Determination of heavy metal contaminants in unregulated whitening creams using inductively coupled plasma-optical emission spectroscopy (ICP-OES) *Nur Syafiqah Kamaruddin, Mohd Akmali Mokhter & Mohd Amirul Mukminin Latirin*	50 -56`
Effect of Cobalt Nitrate on the Electrical Properties of Kapton/Cobalt Oxide Composite by Ion Exchange Method *Nur Thaqifah Hairani & Najaa Mustaffa*	57 - 65
Synthesis of Silver Nanoparticles using Acalypha indica Leaves Extracts and Its Antioxidant Activity *Nurul Amisyah Abd Rahman Raguraman & Siti Ernieyanti Hashim*	66 - 70

Adsorption of Crystal Violet Dye onto Chlorine-Free Cellulose Derived from Oil Palm Empty Fruit Bunch *Nurul Syafiqah Bahari & Nurrulhidayah Salamun*	71 - 84
Determination of Selected Heavy Metal Concentrations in Unbranded Cosmetic Products using Inductively Coupled Plasma-Optical Emission Spectroscopy (ICP-OES) *Siti Masyithah Mohamad Jan, Mohd Akmali Mokhter & Mohd Amirul Mukminin Latirin*	85 - 91
Synthesis, Molecular Docking and ADMET Evaluation of Thiosemicarbazide 7-chloroquinoline Hybrids as Potential Antibacterial Agents *Siti Raihanah Roslan, Chee Chuan Tan, Helmi Mohammed Al-Maqtari & Joazaizulfazli Jamalis*	92 - 97
