25 Oktober 2021

American Chemical Society (ACS) Malaysia Chapter, in collaboration with ACS UTM, UKM and USM Student Chapters and Faculty of Science, UTM have organized ACS Malaysia Industry & Career Talk 2021 on the 25th of October 2021 via Webex platform. The program was divided into two section which were industry and career session. The topics were, 'Powering Mobility in a Carbon Constrained World' and 'How a Reluctant Chemist Ends up Working on the Energy Transition for the World's Largest Integrated Energy Company', respectively. The session was moderated by ChM. Dr. Mohd Firdaus Abdul Wahab and the invited speaker was Dr Amir Faizal Abdul-Manan which was a student from Faculty of Science (BSc. in Industrial Chemistry, 2004).

Q&A sessions for FYUP1 (Research Proposal)

A research proposal evaluation session for Year 4 students of Biology and Industrial Biology program was held. The purpose of the session was to examine the students' comprehension of the research they will conduct for their Bachelor Project. The examiners were academics staff from the Department of Bioscience who were experts in their fields.

Thank you to the examiners for taking the time to examine the projects and providing positive and constructive input to assist the final year students in putting them into action.

We also congratulate the students on successfully completing the assessment procedure, and we wish you all the best!

UTM 64th Convocation

Congratulations batch 2016/2017 Bachelor of Science (Biology) & (Industrial Biology)! We are really proud with what you've accomplished, especially given the pandemic scenario over the last year and a half! Wishing you the best of luck in your future endeavours!! We look forward to hearing more of your success stories! Sharing some of the lovely photos during the graduation day!

October has been declared as Breast Cancer Awareness Month. In conjunction with that, Cancer and Infectious Disease (CAID) research group has come out with Breast Cancer Awareness Program. Several Biosciences students (Cheang, Denita, and Shioa Nee) served on the committee for this programme, which was directed by Dr. Praseetha Prabhakaran. The goal of this initiative was to raise community awareness of the concerns of breast cancer, specifically among female students aged 13 to 18 at Mukim Pulai schools. Activities during the program are infographic and short video competition among the school students. The Breast Cancer Awareness Month 2021 Closing & Prize Giving Event was held on the 26th October 2021. Thank you to the committees and congratulations to all of the winners.

Alumni of Biosciences (BioSAS) organized a discussion to help students who are nearing the end of their undergraduate years or who will be participating in an internship program! Four panelists, all of whom are alumni of the department, will speak to the students about their experiences. They are Dr. Roslan Ikubar, Mr. Nazreen Abdul Latif @ Yaacob, Dr. Tengku Idzzan Nadzirah Tengku Idris, and Dr. Amira Suriaty Yaakop; all professionals in their own fields. We are pleased to have the opportunity to listen to the experiences of our cherished alumni. Thank you very much!
