

## OPTICAL MICROSCOPE

### Brand-Model

X80-series, Xoptron

### Descriptions

Plan achromatic 2x, 4x, 10x, 20x, 40x, 60x & 100x oil advanced polarizing, dark field and fluorescent. Microscope type, High-power optical microscope and Upright body with Y frame structure

### Specifications

Optical magnification range: 20x - 1000x

Maximum specimen height: 80 mm

Aperture diaphragm: Adjustable to control focal depth

Field diaphragm: Adjustable with XY positioner

Attachment: 360o rotating attachment and XY attachment

### Service location

C20-302-01 PCB Laboratory

Block: C20
